THE MASTER'S TABLE

HUNGER IN AUGUSTA

Golden Harvest Food Bank began as a community movement to alleviate the severe hunger and poverty in downtown Augusta, GA. Today, the Augusta area is still marked by hardship and need.

1 in 4 people in Augusta-Richmond County still struggle with hunger. The need increases during the summer and winter months, when children are home from school and heating/air conditioning bills skyrocket.

Many families in need lack transportation, so it's important to have a hunger relief option located close to home.

HOW WE HELP

The Master's Table Soup Kitchen, Golden Harvest's signature program, provides emergency meals to alleviate hunger in downtown Augusta and the surrounding CSRA. Our state-of-the-art kitchen facility serves up over 300 hot meals each day, 365 days a year.

Our Master's Table garden produces fresh veggies for nutritious meals, while the courtyard provides a space for volunteer groups to host giveaways and events for our guests.

You can help by giving \$30 per month to keep this important facility up and running. Get involved by volunteering to serve meals, hosting an outreach event in the courtyard, or helping out in the garden. Individuals and groups are welcome!
